

Position Title: VTC/ AV Facilitator/Operator (Onsite)

Compensation: Negotiable based on qualifications and experience. Full benefits package available.

Clearance Level: Secret Clearance Required

Location: Govt Facility (onsite staff) at Fort Eustis, VA

Position Description:

VTC/AV Operator shall be responsible for operation of integrated AV/VTC systems in conference room settings to facilitate conferences for the end-user. Responsibilities include starting and powering off all VTC/AV equipment for sessions, conducting audio visual checks prior to each conference, serving as primary AV equipment operator for VTC conferences, coordinating and implementing schedules, as well as recording and teleconferencing into sessions as required. Position will also serve as the initial responder to end-user requests regarding VTC/AV problems or issues. Candidate must possess strong communication skills and be capable of conducting themselves in a professional manner among end-user staff. A minimum of 1-year experience in a similar position is required. Experience in operation of Cisco VTC codecs and Crestron video platforms is preferred. On-site DoD experience preferred.
